Ref.: Our Cossey Road Building

Dear Joe and Allan:

I just wanted to take this opportunity to thank you both for the excellent job you have done with our new building. The project was completed on time, under budget, and exactly as advertised; we have been here for a couple of months now, and there have been no surprises. Most of all, I want to thank you for the way you guys worked with us; we got a personal attention that small businesses are not used to. Through the months I got to know Joe a little bit, and watching him work gave the impression that this was his building, something that he was building for himself, and that he was determined to do the best possible job on it. It was that sense of ownership that inspired our trust in his recommendations and decisions. Great work all around.

If you ever want to show off our building, or if you need a recommendation, please do not hesitate to let us know.

Thanks again.
